Thermal Building & Roof Diagnostics

Commercial Thermal Envelope Survey — **$650 · $950**
ASTM C1153 night flight, moisture anomaly map, high-res thermal/visual report. Per building.

Flat-Roof ·Spot Check· — **$295**
Introductory offer · one problem area, proves the tech.

Residential Energy Audit (Thermal) — **$350 · $450**
Insulation voids, air leaks, and moisture detection.

Home Energy Thermal Scan — **$450**
Whole-home thermal walkthrough with written recommendations report.

Thermal Anomaly Screening — **$495**
Add-on to any inspection · flags moisture, wet insulation, heat loss.

Targeted Moisture / Leak Scan — **$150**
Investigation of a single problem area.

System Thermal Scan — **$100**
Roof, HVAC, electrical, or plumbing · per system.

Roof Moisture Surveys · Industrial (ASTM C1153)

Small Warehouse (under 50,000 sq ft) — **$850**
Standard night-time inspection for wet insulation and structural rot.

Medium Warehouse (50,000·150,000 sq ft) — **$1,250 · $1,850**
Standard night-time inspection for wet insulation and structural rot.

Large Distribution Center (150,000+ sq ft) — **$0.015 / sq ft**
Per-square-foot pricing.

Portfolio Rate (3+ buildings) — **·15%**
15% discount on the total package.

Standard Industrial Heat-Loss Audit — **$650**
Thermal scan of loading docks, skylights, HVAC penetrations.

Cold Storage / Freezer Facility Audit — **$950**
Seal-failure scan for refrigerated environments.

HVAC Thermal Health Check — **$350**
Overheating motors and failing bearings across all rooftop units, one flight.

Aerial Mapping & Data

2D Orthomosaic Mapping — **$125 / acre ($500 min)**
Centimeter-accurate geo-referenced map.

3D Site Model / Topographic Scan — **$175 / acre ($750 min)**
Point cloud + digital elevation model (DEM).

Stockpile Volume Analysis — **$325**
Per site, up to 5 piles. Additional piles $50 each.

Bi-Weekly Progress Package — **$850 / mo**
2 flights/month, progress photos, updated 2D map.

Monthly As-Built Documentation — **$450**
Per visit.

Crop Health (NDVI / Multispectral) — **$15 · $35 / acre**
Per-acre rate; flat-rate option available.

Solar Array Health Audit — **$250 · $500**
Hot cells and string failures. Residential/small business, or per-MW industrial.

Electrical Substation / Utility Scan — **$250 / hr**
Per hour, 2-hour minimum.

Golf Course Map Package — **$1,950**
Full 18-hole map: elevation, drainage, trouble spots, print-ready clubhouse wall map.

KC Thermal Pet Recovery

Thermal Drone Search · 1 hour — **$150**
Lost-pet search with thermal drone. Payment due upfront.

Thermal Drone Search · 2 hours — **$250**
Extended search. Payment due upfront.

Follow-Up Search (within 7 days) — **$100**
Revisit search for the same pet.

Mileage past ~30 mi quoted per job. Terms: $100 mobilization (waived over $1,000/recurring) · Net 15 · Rush +25%
$150 rescheduling within 24h (weather exempt). apps.ahpsvc.com/pet-recovery/

Every inspection includes an annotated thermal map, moisture severity index, side-by-side visual overlay, and documented environmental conditions.
